Report of Principal and School Improvement Council

The 2011-2012 school year for Carolina Springs Elementary School was memorable. As we reflect over our successes, we are proud to note that, once again, we received the S.C. State Department of Education's Palmetto Silver Award for improved student achievement.

This year, a newly organized iPad Ensemble (fifth grade) provided opportunities for students to perform musically using 21st century tools. They performed for the AdvancED Accreditation team as well as for the Chick-fil-A Leadercast. Our Chorus was selected for the fourth consecutive year to record a performance for the World's Largest Music Concert sponsored by the SCMEA (S.C. Music Educators Association).

Our school theme this year focused on "Global Connections" and, as a result, many of our students made personal contact with students and educators around the world. The culminating event was our International Day in March when 16 visitors from seven countries spent the day with our students.

Growth in student achievement continues to be one of the successes we enjoy. The majority of students in grades 2 through 5 continue to meet or exceed their individual growth targets as measured by the Measures of Academic Progress (MAP). In the most recent administration, 65.4 percent of students in grade 2 met or exceeded their growth target in reading and 67.7 percent met or exceeded their growth targets in mathematics. In grade 3, 70.1 percent met or exceeded their growth target in reading and 56.9 percent in mathematics. In grade 4, 65.5 percent met or exceeded growth targets in reading and 67.4 percent in mathematics. In grade 5, 60.9 percent met or exceeded growth targets in reading and 72.3 percent in mathematics.

Student leadership development continues to be a priority for our school family. Opportunities increased for students this year when we added student ambassadors and a student council to the other opportunities offered in the past. The results from the most recent school climate survey indicate that a higher percentage of students are feeling safe on our campus.

Enrollment continues to increase for Carolina Springs Elementary School. For the 2012-2013 school year, our campus will have 20 portable classrooms to accommodate the more than 900 students we anticipate for our student body. In addition to the challenge presented by rapidly increasing enrollment, we will begin implementing the Common Core State Standards school-wide and continue to focus on improving the writing skills of our students.

Thankfully, our PTO once again funded 40 substitute days so that our certified staff could be involved in the professional development they need to address these challenges.

Principal W. Darrell Barringer, Ph.D. and SIC Chair Dr. Bruce Anneaux

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
